ASSIGNMENT

WHEREAS I, Huang Hong Yuan (the "Inventor"), residing at No. 42, Lane 445, Tai Xing Road, Shanghai, China, am the sole inventor of an invention in *Curved Building Ceiling Panel*, for which invention a first European patent application with serial number 98203023.1 was filed in the European Patent Office on 11 September 1998 and a second European patent application with serial number 98204279.8 was filed in the European Patent Office on 17 December 1998, and I am entitled to assign my entire right, title and interest world-wide in and to the invention and any intellectual property protection for the invention, including the European patent applications therefor; and

WHEREAS HUNTER DOUGLAS INDUSTRIES BV (the "Company"), having a place of business at Piekstraat 2, 3071 EL Rotterdam, The Netherlands, is desirous of obtaining my entire right, title and interest in and to the invention and any intellectual property protection for the invention, including the European patent applications therefor, world-wide;

NOW THEREFORE, in consideration of the sum of two Dutch Guilders (NLG 2,00) and other good and valuable consideration, the receipt of which is acknowledged, I hereby sell, assign and transfer to the Company, its successors, legal representatives and assigns, my entire right, title and interest world-wide in and to the invention and all applications for industrial property protection, including, without limitation, all applications for patents, utility models and designs, whether original, divisional, continuation, renewal, reissue, or the like, now on file or subsequently filed, for the invention world-wide, together with the right to file such applications and the right to claim for such applications the priority rights derived from the European patent applications under any national or international intellectual property laws or agreements and any industrial property protection including, without limitation, patents, utility models and designs, now or hereafter granted, for the invention world-wide, and any extensions, renewals, reissues or the like thereof.

FURTHER I hereby authorize and request any official of any state, responsible for issuing patents or other evidence or forms of any industrial property protection, to issue the same for the invention to the Company, its successors, legal representatives and assigns, in accordance with this assignment.

ALSO I hereby agree that I have the full right to convey my entire, right, title and interest in and to the invention world-wide and all applications for industrial property protection for the invention world-wide and that I have not executed, and will not execute, any agreement in conflict with this assignment.

MOREOVER I hereby agree that I will communicate to the Company, its successors, legal representatives and assigns any facts known to me respecting the invention and testify in any legal proceeding, sign any lawful papers, execute any original, divisional, continuation and reissue applications, make any rightful oaths, and generally do everything possible to aid the Company, its successors, legal representatives and assigns to obtain and enforce proper protection for the invention world-wide.

FURTHER I hereby agree that this assignment is to be considered effective as of the filing date of the first European patent application.

IN TESTIMONY WHEREOF, I have hereunto set my hand the day, month and year opposite my signature below.

ASSIGNMENT

WHEREAS we, HUNTER DOUGLAS INDUSTRIES BV (the "Assignor"), having a place of business at Piekstraat 2, 3071 EL Rotterdam, The Netherlands, are the owners of an invention in ~~Curved ceiling~~<sup>building</sup> panel for which invention a first European patent application with serial number 98203023.1 was filed on 11 September 1998 and a second European patent application no. 98204279.8 was filed on 17 December 1998 in the European Patent Office, and we wish to assign our entire right, title and interest in and to the invention and any intellectual property protection for the invention world-wide, except in Europe including the republics of the former Soviet Union, Africa and the Middle East including Iran (the "Territory"); and

WHEREAS Hunter Douglas International N.V. (the "Assignee"), having a place of business at 40 Caracasbaaiweg, Curaçao, Netherlands Antilles, is desirous of obtaining our entire right, title and interest in and to the invention and any intellectual property protection for the invention world-wide, except in the Territory;

NOW THEREFORE, for good and valuable consideration, the receipt of which is acknowledged, we hereby sell, assign and transfer to the Assignee, its successors, legal representatives and assigns, our entire right, title and interest world-wide, except in the Territory, in and to the invention and all applications for industrial property protection, including, without limitation, all applications for patents, utility models and designs, whether original, divisional, continuation, renewal, reissue, or the like, now on file or subsequently filed, for the invention world-wide, except for the Territory, together with the right to file such applications and the right to claim for such applications the priority rights derived from the European patent application under any national or international intellectual property laws or agreements and any industrial property protection including, without limitation, patents, utility models and designs, now or hereafter granted, for the invention world-wide, except in the Territory, and any extensions, renewals, reissues or the like thereof.

FURTHER we hereby authorize and request any official of any state, except in the Territory, responsible for issuing patents or other evidence or forms of any industrial property protection, to issue the same for the invention to the Assignee, its successors, legal representatives and assigns, in accordance with this assignment.

ALSO we hereby agree that we have the full right to convey our entire, right, title and interest in and to the invention world-wide, except in the Territory, and all applications for industrial property protection for the invention world-wide, except in the Territory, and that we have not executed, and will not execute, any agreement in conflict with this assignment.

MOREOVER we hereby agree that we will communicate to the Assignee, its successors, legal representatives and assigns any facts known to us respecting the invention and testify in any legal proceeding, sign any lawful papers, execute any original, divisional, continuation and reissue applications, make any rightful oaths, and generally do everything possible to aid the Assignee, its successors, legal representatives and assigns to obtain and enforce proper protection for the invention world-wide, except in the Territory.

FURTHER we hereby agree that this assignment is to be considered effective as of the filing date of the basic European patent application.

IN TESTIMONY WHEREOF we, the Assignor by our undersigned Director, hereunto set our hand the day, month and year opposite our signature below.

PATENT ASSIGNMENT

WHEREAS Hunter Douglas International NV (the "Assignor"), a corporation duly organized and existing under the laws of the Netherlands Antilles, having a place of business at 40 Caracasbaaiweg, Curaçao, Netherlands Antilles, is the owner of the inventions in the patents and patent applications (the "Patent Rights"), listed in EXHIBIT A hereto; and

WHEREAS Hunter Douglas Industries BV (the "Assignee"), a corporation duly organized and existing under the laws of the Netherlands, having a place of business at Piekstraat 2, 3071 EL Rotterdam, The Netherlands, is desirous of obtaining our entire right, title and interest in and to the inventions and the Patent Rights, as well as any other intellectual property protection for the inventions;

NOW THEREFORE, for one (1) Euro and other good and valuable consideration, the receipt of which is acknowledged, the Assignor does hereby sell, assign and transfer to the Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the inventions and the Patent Rights, as well as any other applications for industrial property protection, including, without limitation, all applications for patents, utility models and designs, whether original, divisional, continuation, renewal, reissue, or the like, subsequently filed for the inventions, together with the right to file such applications and the right to claim, for such applications, the priority rights derived from the Patent Rights under any national or international intellectual property laws or agreements and any industrial property protection including, without limitation, patents, utility models and designs, now or hereafter granted, for the inventions and any extensions, renewals, reissues or the like thereof and together with the right to sue for past infringements and to collect all damages or profits for past infringements for its own use and benefit.

ALSO Assignor hereby authorizes and requests any official of any state responsible for issuing patents or other evidence or forms of any industrial property protection, to issue the same for the inventions to the Assignee, its successors, legal representatives and assigns in accordance with this assignment.

FURTHER Assignor hereby agrees to communicate to the Assignee, its successors, legal representatives and assigns any facts known to Assignor respecting the inventions and testify in any legal proceeding, sign any lawful papers, execute any original, divisional, continuation and reissue applications, make any rightful oaths, and generally do everything possible to aid the Assignee, its successors, legal representatives and assigns to obtain and enforce proper protection for the inventions. The Assignee will compensate Assignor for the Assignor's costs of any such action.

MOREOVER Assignor agrees to execute, and the Assignee may file, confirmatory assignment documents for each individual country, in which there are the Patent Rights and other intellectual property protection for the inventions. Such confirmatory assignment documents will be for the purpose of complying with the different

ownership of patent rights and other intellectual property. The Assignee will bear all costs of legalizing and registering such assignment documents in the individual countries.

FURTHER we hereby agree that this confirmation assignment is to be considered effective as of 22 February 2000, the date of the original assignment.

IN TESTIMONY WHEREOF the Assignor, by its undersigned President, sets its hand the day, month and year opposite its signature below.

The aforesaid Mr Joubert, acting in his capacity of President of Hunter Douglas International N.V.

Amsterdam, April 3, 2001

CONFIRMATION ASSIGNMENT

THIS CONFIRMATION ASSIGNMENT confirms a previous assignment dated 22 February 2000, between Hunter Douglas International NV and Hunter Douglas Industries BV, a copy of which is enclosed.

WHEREAS Hunter Douglas International NV a corporation duly organized and existing under the laws of the Netherlands Antilles, now having a place of business 59 Blenchiweg, Curaçao, Netherlands Antilles, is the assignor of the inventions in the patents and patent applications (the "Patent Rights") in the U.S.A., listed in EXHIBIT A hereto; and

WHEREAS Hunter Douglas Industries BV (the "Assignee"), a corporation duly organized and existing under the laws of the Netherlands, having a place of business at Piekstraat 2, 3071 EL Rotterdam, The Netherlands, confirms obtaining the entire right, title and interest in and to the inventions and the Patent Rights mentioned in Annex A, as well as any other intellectual property protection for the inventions;

NOW THEREFORE, for one (1) Euro and other good and valuable consideration, the receipt of which is acknowledged, it is hereby confirmed that the Assignor has sold, assigned and transferred to the Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the inventions and the Patent Rights, as well as any other applications for industrial property protection, including, without limitation, all applications for patents, utility models and designs, whether original, divisional, continuation, renewal, reissue, or the like, subsequently filed for the inventions, together with the right to file such applications and the right to claim, for such applications, the priority rights derived from the Patent Rights under any national or international intellectual property laws or agreements and any industrial property protection including, without limitation, patents, utility models and designs, now or hereafter granted, for the inventions and any extensions, renewals, reissues or the like thereof and together with the right to sue for past infringements and to collect all damages or profits for past infringements for its own use and benefit.

ALSO Assignor hereby confirms to authorize and request any official of the U.S.A. responsible for issuing patents or other evidence or forms of any industrial property protection, to issue the same for the inventions to the Assignee, its successors, legal representatives and assigns in accordance with this assignment.

FURTHER Assignor hereby confirms to agree to communicate to the Assignee, its successors, legal representatives and assigns any facts known to Assignor respecting the inventions and testify in any legal proceeding, sign any lawful papers, execute any original, divisional, continuation and reissue applications, make any rightful oaths, and generally do everything possible to aid the Assignee, its successors, legal representatives and assigns to obtain and enforce proper protection for the inventions. The Assignee will compensate Assignor for the Assignor's costs of any such action.

MOREOVER Assignor agrees to execute, and the Assignee may file, confirmatory assignment documents for each individual country, in which there are the Patent Rights and other intellectual property protection for the inventions. Such confirmatory assignment documents will be for the purpose of complying with the different formal requirements of such individual countries in regard to registering changes of

formal requirements of such individual countries in regard to registering changes of ownership of patent rights and other intellectual property. The Assignee will bear all costs of legalizing and registering such assignment documents in the individual countries.

IN TESTIMONY WHEREOF the Assignor, by its undersigned President, sets its hand the day, month and year opposite its signature below.

I, Petrus Adrianus van Onzenoort, notaris (civil-law notary) practising in Rotterdam, the Netherlands, confirm that the signature placed in my presence, on March 3, 2000, on the document hereunto annexed corresponds with the signature placed on the passport in the name of **Ronald Allen Schapira**, residing at Nassau Zuilensteinstraat 14, 2596 CB The Hague, the Netherlands, born in New York, United States of America, on November 1, 1943, who:

(i) is managing director of the private company with limited liability: **Hunter Douglas Industries B.V.**, with corporate seat in Rotterdam and with address at: Piekstraat 2, 3071 EL Rotterdam, registered in the trade register under number 24077508 (the "Company"); and

(ii) as such authorised to represent the Company independently.

When issuing the statements included above under (i) and (ii) I, notaris, based any observations entirely on the information stated in the extract from the trade register of the registration of the Company under the listing "BESTUURDER(S)".

Signed in Rotterdam, on March 6, 2000.

A large, stylized handwritten signature in black ink, written over a horizontal line. The signature is cursive and appears to be "P. A. van Onzenoort".

The Undersigned:

Miguel Lionel Alexander, LL.M., a civil law notary, residing in Curaçao, Netherlands Antilles, herewith certifies:

that on this 22nd day of February, 2000 personally appeared before the Undersigned Mr. Frits Willem van der Graft, residing in Curaçao, and who is the president of the limited liability company HUNTER DOUGLAS INTERNATIONAL N.V., established in Curaçao, and as such can legally represent HUNTER DOUGLAS INTERNATIONAL N.V.;

that Mr. F.W. van der Graft has signed the attached document in the presence of the Undersigned.

In witness whereof the Undersigned has set his hand hereunto after having affixed his official seal of office on this 22nd day of February, 2000.

I, Petrus Adrianus van Onzenoort, notaris (civil-law notary) practising in Rotterdam, the Netherlands, confirm that the signature placed on this document which was offered to me corresponds with the signature placed on the passport in the name of Miguel Lionel Alexander, civil-law notary in Curaçao, born in Curaçao, on November 23, 1948.

Signed in Rotterdam, on March 6, 2000.
